

# 1-Port 10/100/1000Mbps

# Industrial High Power PoE

**Midspan Injector** 

### Key Features:

Ports: Provide 2\*10/100/1000Mbps Ethernet ports
PoE Standard: IEEE802.3af/at/bt Power over Ethernet (PoE) Compliant
Total Power: Total power budget of 90W for all singe PoE ports
Self-adaption: RJ45 port supports 10/100/1000Mbps Auto MDI/MDIX
Industrial Installation: Din Rail mounting installation
Wide Application: Designed for Wifi AP and IP Security camera.VoIP etc
Surge protection: Protect the device from lighting surges and others electrical hazards
Considerate Design: Exquisite compact size.wall mounted with fanless design

#### PoE with High Power, Security, Stability and Easy Installation Features

As the applications of Power over Ethernet have expanded to home users from the IT industry. We have developed a new Single-Port PoE++ Injector which meets the requirements of both the IT industry and home users for high wattage output and easy installation, respectively.

The BI1201PG-90W is single-port **Gigabit 802.3bt PoE++ injector** with industrial Din rail type,. Carrying both Ethernet data and power simultaneously, the POE injector helps users to utilize just one Ethernet cable to easily install and deploy IP camera, wireless AP or VoIP phone networking in environments where power outlet is hard to find. It offers an affordable, safe and reliable power solution for cost-conscious business and home users deploying Power over Ethernet networks.

#### All-in-One and Compact-size Design

With concepts of "Easy to install", "Plug and Play" and "Simple troubleshooting" for business and home users, the PoE injector is an all-in-one, single-port PoE+ injector with internal power supply. In the compact size housing and it provides one 48-57V DC input socket on its front panel, two LEDs (System POWER and PoE ACTIVE) on the top side and two RJ45 ports (POE port and LAN port) on the rear panel. Simply plug in the Ethernet cables and power cord, It is ready to provide high-speed network communication and high power PoE+ injector functions simultaneously with no need of software configuration.

#### Quick and Easy Cabling Installation for PoE Network Deployment

Complying with both 802.3af and 802.3at PoE+ standards, the POE Injector allows users to flexibly deploy standard and high powered devices to transfer data and power simultaneously through one Ethernet cable for up to 100 meters. It is frees the security IP camera and wireless AP deployment from restrictions of power outlet locations and the additional AC wiring. It thus reduces cables and eliminates the need for electrical outlets on the wall, ceiling or any unreachable place, and most of all, it reduces installation time

# BI1201PG-90W

2 ports 10/100/1000Mbps Industrial high Power PoE Midspan Injectors

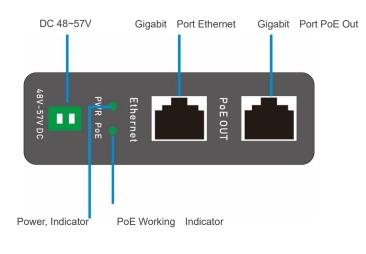

# **Technical Datasheet**

Model	BI1201PG-90W
Hardware Specifications	
	"Data" Input Port: 1 x RJ45 STP
Interface	"PoE (Data + Power)" Output Port: 1 x RJ45 STP
	DC Input Power Socket: 1
LED Indicator	System: Power x 1 (Green)
	PoE Port: Active, PoE ready-in-use x 1 (Green)
	10BASE-T: 2-pair UTP Cat. 3, 4, 5, up to 100M (328ft)
Network Cable	100BASE-TX: 2-pair UTP Cat. 3, 4, 5, up to 100M (328ft)
	1000BASE-T: 2-pair UTP Cat. 5e, 6 up to 1000M (328ft)
	EIA/TIA-568 100-ohm STP (100m)
Data Rate	10/100/1000Mbps
Power requirement	DC48~57V
Enclosure	IP40 Metal case
ESD Protection	6KV ESD
Environment specification	Operating temperature: -40°C~85°C, operating humidity: $5\%$ ~95%
	Storage temperature: -40℃~85℃,storage humidity: 5%~95%
Dimension(W x D x H)	30 x 70 x 95mm (1.18in x 2.76in x 7.75in )
Weight	0.4kg
