4-Port Gigabit Mini Solar POE

Industrial Switch with 1 SFP Uplink

85℃ ☀❄ −40℃

PoE WatchDog

UTP Extend −250m

EXCLUSIVE 5YEAR WARRANTY

BIS6204PG1F(60W)

Key Features:

Ports: Provide 4*10/100/1000Mbps PoE ports with 1* 1000Mbps SFP

PoE Standard: IEEE802.3af/at Power over Ethernet (PoE) Compliant

Self-adaption: RJ45 port supports 10/100/1000Mbps Auto MDI/MDIX

Industrial Installation: Din Rail mounting installation

Power Voltage: 12-52V Power input

Surge protection: Protect the device from lighting surges and others electrical hazards

Working Temperature: -40 to 85 degrees operating temperature

Considerate Design: IP40 Industrial enclosure

Easy to use: Plug and play, No configuration required

Environmentally Hardened Design

With the **IP40** metal industrial case which provides a high level of immunity against electromagnetic interference and heavy electrical surges,Being able to operate under the temperature range from **-40 to 85 degrees C**, the BIS8204PG2F(60W) can be placed in almost any difficult environment.
Stable Voltage
52V
18V~36V
Regulated PoE Output
DC Boost & Regulate

Working Temperature
-40℃ 85℃
Wide temperature design
work well in different harsh environment

Dual Power with 12V input for Solar Power

Featureing a strong dual power input system with wide-ranging voltages (12V~52VDC)incorporated into customer's automation network to enhance system reliability and uptime which make the installation more flexible and convenient.

Surge Protection Design

provides contact discharge of ±8KV DC and air discharge of ±15KV DC for Ethernet ESD protection. It also supports ±6KV surge immunity to improve product stability and protects users' networks from devastating ESD attacks, making sure the flow of operation does not fluctuate.

SECURITY

Gigabit SFP Uplink Port

With One SFP module slot available, the SFP uplink port is ideal for connecting the switch to the network's backbone, providing more than enough bandwidth and stability for ultra high speed data transferring, Beside the SFP can transmitte the date with Max 100Km distance with more economic solution.

BIS6204PG1F(60W)

4-Port 10/100/1000Mbps Industrial Solar PoE Switch with 1 SFPUplink
Technical Datasheet

| Model	BIS6204PG1F(60W)	
Hardware Specifications		
ports	5* 10/100/1000BASE-T RJ45 auto-MDI/MDI-X ports 1* 1000Mbps SFP Slot	
Connector	Removable 4-pin terminal block Pin 1/2 for Power 1; Pin 3/4 for Power 2	
LED Display	Power Indicator: PWR(green).Network Indicator: Link(yellow) SFP: Green	
Power requirements	12~56V DC	
Power Consumption	Less than 5 Watts	
Switch Performance	Backplane bandwidth	20Gbps
	Packet forwarding rate	8.93Mpps
	MAC address	8k
	Flow control Back pressure for half duple. IEEE 802.3x pause frame for full duplex	
Enclosure	IP40 Metal case	
ESD Protection	6KV ESD	
Dimension(W x D x H)	28 x 70 x 110mm (1.1in x 2.76in x 4.33in)	
Weight	0.35Kg	
Power over Ethernet (PoE) Specifications		
Network standard	IEEE802.3i 10 BASE-T IEEE802.3u 100 BASE-TX IEEE802.3ab 1000BASE-T IEEE802.3x Flow Control IEEE802.3af Power over Ethernet IEEE802.3at Power over Ethernet IEEE802.3az EEE	
PoE Standard	IEEE 802.3af Power over Ethernet/PSE IEEE 802.3at Power over Ethernet Plus/PSE	
PoE Supply Type	1/2(+), 3/6(-) End-span	
PoE Power Output	Per Port 52V DC, 300mA. max. 15.4 watts (IEEE 802.3af) Per Port 52V DC, 600mA. max. 30 watts (IEEE 802.3at)	
Environment		
Environment specification	Operating temperature: -40℃~85℃，operating humidity: 5％~95％ Storage temperature: -40℃~85℃，storage humidity: 5％~95％	
Warranty	5 Years	

Installation Models

Power Terminal

- 4-pin 3.81mm-spacing plug-in terminal
- 12V-52VDC wide voltage input
- P1&P2 dual power input
- Reverse protection
